

NEW YORK CENTRAL PASSENGER TRAIN CRASHES INTO BUS

Thirteen Are Killed and a Dozen Injured at Painesville, Ohio—Only Five of the Dead Have Been Identified—Another Train Crashed into Wreckage Officials Said

CLEVELAND, O., March 3.—Thirteen persons were killed and approximately a dozen injured, four perhaps fatally late tonight when New York Central Express Train No. 600 eastbound crashed into a bus at the St. Claire street crossing in Painesville. Only five of the dead were identified at a late hour. All are believed to have been residents of Painesville and Fairport, between which cities the bus operated.

Dead and dying were hurled along the railroad right of way for several hundred feet. Bodies of three of the victims were found lodged on the locomotive pilot when the train was brought from a sixty mile an hour pace to a halt, 400 yards from the scene of the collision.

According to railroad officials here New York Central Train No. 3 westbound, crashed into the wreckage.

Just how the crash occurred was still undetermined late tonight, Joe Adams, the driver of the bus, being unconscious in a Painesville hospital.

HARDING'S PLAN FOR A MERCHANT MARINE FAVORED

Well Balanced Merchant Marine is Necessary

(By The Associated Press)

WASHINGTON, March 3.—Support of President Harding's plan for an American merchant marine was voiced by leaders in the shipping world, Chairman Lasker and Rear Admiral William S. Benson, retired, former chairman of the shipping board, at the opening session today of the annual convention of the National Merchant Marine association. Admiral Benson told the delegates there were evils which were preventing the proper development of the shipping industry and that the fact must be faced that a certain portion of our shipping is tainted with foreign interest. He added that allowance should be made for foreign interests in American shipping because these foreign interests came to the support of American shipping when support was actually and badly needed.

Marine Necessary.

Mr. Lasker declared that without a well balanced and adequate merchant marine the country could not be properly developed.

P. A. S. Franklin, of the International Mercantile Marine Corporation and W. A. Harriman, of the American Ship and Commerce Corporation, endorsed Mr. Lasker's view as to the importance of the merchant marine.

Edward P. Young, publisher of the Marine Journal of New York, created a stir at the afternoon session by an attack on England and the press of the country, referring to the latter as being opposed to honest merchant marine policies. He declared that "Great Britain has swept us from the seas and now is striving to destroy our coastwise shipping."

Waterways Discussed

Senator Joseph Ransdell of Louisiana, president of the association; Representative Frank D. Scott, of Michigan; Stevenson Taylor, president of the American Bureau of Shipping and Malcolm Stewart, chairman of the middle-west merchant marine committee discussed waterways problem and their relation to the shipping industry. An open forum developed divergent views at the afternoon meeting, most of the speakers endorsing the administration's stand for a strong merchant marine.

WERE HOLDING CHILDREN HOSTAGES FOR RENT.

DETROIT, Mich., March 3.—Four children all under 8 years of age, alleged to have been held by Mrs. Roseline Ruis, as hostages for overdue rent, were returned to their father, Albert Moezko today after Moezko laid the case before Paul Voorhees prosecutor.

Mrs. Ruis and Moezko will confer tomorrow over the unpaid rent.

INSPECTED CROSSING.

An inspection of the C. & A. crossing near the Sheppard farm made yesterday by representatives of the railroad, the Illinois Commerce Commission and the County Board. It is the expectation that work will be done to make this crossing safe.

The state commission was represented by Engineer Postgate the county board by J. E. Osborne and the railroad by A. C. Paul, W. T. Rogers and Albert Kado.

CHURCH CARRIED TO GALLOWES TIED IN CHAIR—HANGED

Lawyers Unable to Secure Stay—Unconscious to the End

(By The Associated Press)

CHICAGO, March 3.—Strapped to a chair and carried to the gallows in the same comatose state in which he has lain for weeks, Harvey Church, slayer of two automobile salesmen, paid the penalty for his crime this afternoon. He retained his apparently unconscious mien to the end. Last minute attempts by his attorneys to save him failed when Judges Scanlon and David refused to interfere for the condemned man.

Trap Fell at 3:54.

The trap fell at 3:54 o'clock, just four minutes after court action in his behalf had been completed. Church's head drooped on his chest as he was carried to the gallows and a deputy sheriff had to raise his head in order to adjust the noose. Sheriff Peters asked the usual question—whether the condemned man had any statement to make—but received no response and the chair, carrying the slayer, crashed thru the sprung trap.

All Efforts Fail.

Almost until the moment attorneys were trying frantically to procure a stay of execution. Nine minutes before the double murderer was hanged Judge Scanlon denied a stay, four minutes before Judge David took similar action. A petition for a writ of habeas corpus was filed in the superior court less than ten minutes before Church was hanged. Before it could be heard Church was dead.

The last minute efforts to save Church's life were made on humanitarian grounds and on the contention that Church was not present in court during a sanity hearing.

Spoke Parents Name.

Church was visited by the death cell by his parents and sister and spoke their names, the first words to pass his lips since he started the hunger strike. He made no statement. Photographs of the hanging were made for the first time in Cook county's history.

Church last summer killed Bernard Daugherty and Carl Ausmus, automobile salesmen. He cunningly lured them one at a time to the basement of his home and beat them to death with a club, while they begged for mercy according to his confession. Daugherty's body he threw in the Desplaines river, while that of Ausmus he buried in his garage. Church later repudiated his confession but evidence at the trial bore out his story and he was convicted.

PECK PROMOTION STRONGLY OPPOSED

NEW YORK, March 3.—Fourteen thousand dollars was stolen one man was shot and two others felled by blows from pistol butts today in two daylight pay holdups.

A masked bandit shot Primm, W. England and stole a bag containing \$9,000 after he had driven from the bank to the door of the Tiffin product corporation in Long Island City of which he is assistant treasurer. Shortly afterward four armed men held up the paymaster of the Wells & Newton company, plumbing contractors and his bodyguard as they stepped from a taxicab in which they had brought \$5,000 from a bank.

ALCOHOL PERMITS TO YEAST MAKER ORDERED REVOKED

Commissioner Haynes Acts in Case of Fleischmann Company

(By The Associated Press)

WASHINGTON, March 3.—Orders revoking the industrial alcohol permits of the Fleischmann Yeast Company, Inc., of New York, and its eleven branch agencies, were issued tonight by prohibition Commissioner Haynes.

Whether the revocation would interfere with the manufacture of yeast, prohibition officials tonight were unable to say. It was thought that alcohol manufactured along with yeast could be allowed to evaporate instead of being conserved as heretofore.

Revocation of the company's permit was regarded by Commissioner Haynes as one of the biggest things done by the prohibition bureau.

Grounds for the revocation of the permits were given by Mr. Haynes as follows:

"Division of non-beverage alcohol for beverage purposes; disposal of non-beverage alcohol on forged permits and without permits to purchase and maintain false records and at the time no record whatever of receipts and distribution of non-beverage alcohol; failure to file transcript of records with the collector of internal revenue and otherwise acted in utmost made faith with respect to conforming with the national prohibition acts and the regulations in carrying on business under its several permits."

Prohibition officials in the cities where agencies of the company are located were ordered to seize supplies of industrial alcohol in the plants.

Excerpts from Will of Late Pope Benedict are Made Public

(By The Associated Press)

ROME, March 3.—The late Pope Benedict when he died, was possessor of no property except those few belongings which before my assumption of the Roman pontificate were already publicly registered in my name and located in the commune of Pegli, near Genoa, and Bologna.

The pontiff disposed of all his personal estate after his elevation.

These facts became known today when the will of Benedict was opened. It was dated February 20, 1916, and its contents indicated that it was drawn while the pope reflected on the terrors of the war. In part the will says:

Excerpts of Will.

"The thought that my life is in God's hands, and that from one moment to another I might be taken away, counsels me to make my last will and testament.

"Having invoked the divine aid and putting my trust in the intercessions of the most holy Virgin and of Saints Joseph, Peter, Paul, James and Benedict, I accept, even to the hour of my death, that will be ordained by God for the end of my existence and for that hour I declare that I do not possess title to any property, except those few belongings, which before my assumption of the Roman pontificate were already publicly registered in my name and located in the Communes of Pegli near Genoa, and Bologna.

"Of my elevation to the pontificate I voluntarily deprived myself of possession of all personal goods I owned. Regarding the above named goods registered in the public registry, unless otherwise disposed of before my death I name as my heir my nephew, Ciusseppe Della Chiesa, son of my brother, Giovanni Antonio.

"Of other goods which I now possess or can assign at the moment of my death, I declare that they cannot be by me possessed except under the title of the Holy See, for which belongings there is for me no other use so that I am not in a position to designate their disposition after my death from which moment they must be recognized by all as the exclusive property of the Holy See to which they always have belonged. None of my relatives can claim any title to them.

Names Burial Place.

"I choose the vatican basilica as my burial place, and order that there shall be no embalming of my body, declaring in so doing that the ancient custom of burying the praecordia of a defunct pope in a place distinct from the burial of the body is for me absolutely abolished. I rely upon the support of those persons who were attached to me by bonds of charity and trust that some day we all will be rejoined in God."

939 PETITIONS ARE FILED FOR APRIL PRIMARY

Secretary Emmerson Says Heaviest in History of Office

(By The Associated Press)

SPRINGFIELD, Ill., March 3.—With a total of 939 petitions filed by candidates in the April 11 primaries, the office of Secretary of State Emerson tonight announced the heaviest primary filing in the history of the office that the number of petitions, divided by parties follows:

Republicans 450
Democrats 360
Socialists 93
Farmer-Labor 36

Twenty-eight members of the general assembly—two Democrats and eight Republicans—failed to file for renomination, a checkup of the list disclosed. Three other representatives died during their incumbency. Complete lists showing the following number of candidates' nomination in the primaries:

State Treasurer—Republicans, 1; Democrats, 19; Socialists, 1; Farmer-Labor, 1.

State Superintendent of Public Instruction—Republicans, 2; Democrats, 3; Socialists, 1; Farmer-Labor, 1.

Congress-at-Large—Republicans, 5; Democrats, 19; Socialists, 2; Farmer-Labor, 2.

Congress - at - Large, (Short term)—Republicans, 6.

In 12 of the 25 districts present congressmen have no opposition for renomination. These are: 2, James R. Mann; 9, Fred A. Britten; 12, Charles E. Fuller; 13, John C. McKenzie; 14, William J. Graham; 15, Edward J. King; 17, Frank H. Funk; 19, Allen F. Moore; 20, Guy L. Shaw; 21, Loren E. Wheeler; 23, Edwin B. Brooks; 25, Edward E. Danison. All are Republicans.

In the twenty second district State Treasurer Edward E. Miller has no opposition for the Republican nomination for congress to succeed William E. Madenberg.

OLD TIME FAVORITE COMING MONDAY.

When Captain Macchache steps forward to sing "How Happy I Could Be With Either. Were I Other Dear Charmer Away," the audience listening to "The Beggar's Opera" shows interest over the origin of the famous quotation. It may not realize the hal-lads, as most of them date years back, but it can easily absorb the mas the popular melodies they once were.

"The Beggar's Opera" will be sung here by the Original London Company which recently concluded an engagement at the Olympic Theater, Chicago, and will be shown for one night only, next Monday.

S. S. CONFERENCE AT WOODSON CHURCH.

A very profitable Sunday school conference was held by the teachers and officers of the Woodson Presbyterian church Thursday evening. Some problems of the school were discussed, and solution of the problems suggested. Plans were outlined for future work, including a special feature for the development of a 100 per cent individual class attendance and efficiency.

It is hoped that all will be on hand at 9:30 o'clock next Sunday and hear some things of interest to all the school.

The last Wednesday in March there will be a Sunday school social, at which time a special program will be presented.

CHANGING IN TAX COLLECTION PLANS.

The schedule of tax collection arranged by Sheriff Weatherford has been somewhat interfered with by the Pires trial which is scheduled for next Monday. Sheriff Weatherford and Deputy Andrews were to visit Mercedia, Chapin, Concord and Prentice on dates the coming week but on account of the trial a change will be necessary.

ILLINOIS COAL MEN'S PROPOSAL IS IMPOSSIBLE

Declaration Made by Lewis in Message to Officials

(By The Associated Press)

INDIANAPOLIS, Ind., March 3.—Single state wage agreements between union coal miners and operators such as proposed by Illinois operators are impossible under the policy adopted by the United Mine Workers at their recent convention President John L. Lewis declared tonight in a message advising Illinois Union officials to reject the operators' proposal for separate negotiations.

The proposal of the Illinois operators for separate negotiations with the miners was declared by Mr. Lewis to be an inherently selfish policy, which he asserted was "economically unsound and contains no elements of consideration of public welfare."

Message to Farrington.

Mr. Lewis' message was sent to Frank Farrington, president of the Illinois miners who had announced at Springfield that the district executive board had refused to act independently of the international union in negotiating a wage agreement and that he had wired President Lewis for instructions.

While the message applied especially to Illinois, union officials said it answered any suggestions that might be raised for separate wage agreements being negotiated in any soft coal fields until after settlement had been reached for the central competitive field comprising Illinois, Indiana, Ohio and Western Pennsylvania. As such the message contained the first official interpretation of the union's policy, pointing out that the interstate agreement for the central field was to be the basis of all other agreements in soft coal fields, including the states of the central field or outlying districts.

Mining Problems.

"The problems now confronting the mining industry," said Mr. Lewis' message, "are national in scope and cannot be solved by the operators and miners of any particular district."

The message referred to a strike referendum now being taken to decide whether the coal miners shall walk out on April 1, if no agreement is reached in the central competitive field and followed with the declaration that the proposal of the Illinois Operators contemplated the breaking up of our forces into separate units.

INVESTORS UNREST CAUSE OF FAILURE BROKERAGE HOUSES

Seven More Today Added to Long List of Suspension

(By The Associated Press)

NEW YORK, March 3.—Unrest among stock investors today swept down to failure of four more brokerage houses in New York, two in Philadelphia and one in Toronto.

The most striking failure of the day was that of George W. Kendrick & Co., of Philadelphia, which announced it had suspended operations because of lack of working capital and would turn its affairs over to a creditor's committee.

Today's list of other failures include:

Charles C. James & Co., New York, member of the Consolidated Exchange; branch in Bowling Green, Ky. Involuntary bankruptcy petition, alleged liabilities of \$250,000 and assets of \$100,000.

PROMINENT PITTSFIELD MAN DIES IN CHICAGO

The remains of the late Emanuel J. Strauss of Pittsfield, were interred in Quincy Friday at the Valley of Peace cemetery. Mr. Strauss, who was one of the best known citizens of Pittsfield, was born there Dec. 3, 1868, and spent his entire life in the home city.

Mr. Strauss had been manager of the extensive mercantile house of Strauss & Bro., at Pittsfield, and was accounted as one of the most successful business men of Pike county. His death occurred at the Michael Reese hospital in Chicago.

Mr. Strauss is survived by his aged father, three sisters and four brothers.

TO DEDICATE PITTSFIELD CHURCH APRIL 30

Bishop Thomas Nicholson will dedicate the new Methodist church at Pittsfield Sunday, April 30. The Pittsfield people are proud of the new edifice and they are also very glad to be able to secure the presence of Bishop Nicholson for the dedication service.

BONUS COMPROMISE BILL IS MEETING GENERAL APPROVAL

All Parties Believe Solution Found—Cash Payment Only to Those Whose Claims Would Not Exceed \$50—Four Optional Features Including Vocational Training

(By The Associated Press)

WASHINGTON, March 3.—Unanimous agreement on a compromise soldier bonus bill along the general lines outlined officially yesterday was reached today by house ways and means committee Republicans who believed they had found a solution of the bonus problem. As now drawn the bill provides for cash payments only to those men whose adjusted service pay would exceed \$50 and these four optional features:

Adjusted service certificates with an added loan provision which would enable the men to obtain immediately from banks a sum equal to fifty per cent of the adjusted service pay; vocational training; home and farm aid, and land settlement.

In working out details of the certificate loan provision the majority committeemen reduced the face value of the certificate which would be the amount of the adjusted service pay plus 25 per cent plus interest at four and one-half per cent, compounded annually, instead of the service pay plus 40 per cent plus the interest as originally proposed. It was thought this would result in a saving of possibly half a billion dollars.

Banks in making loans on the certificates could not charge an interest rate in excess of two per cent above the rediscount rate charged by the regional federal reserve bank on 90 day paper in the district where the loan was made and they could not make the loans for a period in excess of three years from the date of the certificate which would not be redeemable by federal reserve banks.

"If the loans had not been repaid on September 3, 1925, the banks could make demand on the government for the money due. The government it was stated then would cash the certificate, pay the bank and turn the remainder over to the service man. The cash surrender value of the certificate on that date would be 85 per cent of the adjusted service pay plus interest at 4 1/2 per cent compounded annually from the date of the certificate. This also would be the loan value for federal advances as of that date."

"It is believed," said Chairman Fordney, "that when these insurance certificates become due and payable the money may be secured by the sale of property and securities owned by the federal government or without any support charge on the treasury."

Plan Meets Approval.

"This plan seems to meet with the general approval of the members of the house as well as the public generally."

Some committee members estimated that if all the men took certificates and held them for the full twenty years period, the ultimate cost of the bonus would be approximately four billions of dollars. They thought this sum would be reduced by perhaps a billion dollars or more thru borrowings or forfeitures.

A few details of the revised plan still remain to be worked out. It was said today but the expectation is that the new bill will be ready for consideration by the entire ways and means committee on next Tuesday.

THREAT TO RESIGN IS WITHDRAWN BY BRITISH PREMIER

Seeks Assurance of Loyalty From Those in Opposition

(By The Associated Press)

LONDON, March 3.—Premier Lloyd George's threat to resign has been suspended at the earnest solicitation of his union colleagues in the cabinet according to an authoritative statement tonight but no justification for its withdrawal is said to exist. Official denial made that any exact time limit has been fixed for receiving assurances of loyalty to the premier from the adherents of Sir George Younger, the Unionist leader, altho it is added obviously the tension cannot be extended indefinitely.

Asked to Continue.

Speaking at Oxford today, Austen Chamberlain announced that the Unionist terms had unanimously requested the premier to continue as head of the government.

"The die hard conservatives" whose opposition to the leadership of the prime minister is primarily responsible for the present crisis are cooperating with the Unionists in the house of commons in putting up a stiff fight against the free state bill by presenting many amendments.

It is stated that Unionist leaders are receiving from all over the country communications pressing loyal adherence to the Unionist party, but declining to extend that adherence to the coalition. This is really approval of the position assumed by Sir George Younger and indications are that the party will refuse to depose its leader.

Would Keep Future.

In the endless speculation about the crisis there is much insistence on the view that Mr. Lloyd George has arrived at a point in his political career where he must define with his future path will lead toward liberalism or conservatism.

Since he became leader of the coalition under the abnormal circumstances of war requiring a national, not party, policy his political coloring has been in abeyance. If the coalition now disappears it is argued he must elect to attach himself to one party or the other. According to some beliefs his present action is a bid for leadership of the Unionist party.

Harold C. Welch, who has been ill for the past week was able to resume his duties at the Chamber of Commerce yesterday.

HOUSE PASSES A DEFICIENCY MEASURE TODAY

Appropriates Millions for Various Government Bureaus

(By The Associated Press)

WASHINGTON, Mar. 3.—Without a record vote the house today passed and sent to the senate a bill appropriating approximately \$108,500,000 to meet deficiencies of various government departments. The largest item carried in the measure is \$4,000,000 for the veterans' bureau.

A provision which would limit to \$6,300,000 the amount the navy department would spend for fuel during the next four months remained in the bill.

One of the few amendments adopted increased the total for the enforcement of the maternity act during the remainder of the current fiscal year from \$370,000 to \$490,000. The bill also carries \$5,000,000 for the initial payment to the Republic of Columbia under the treaty recently ratified as a settlement of the Panama Canal controversy. With less than 100 members on the floor an amendment, which would have made \$150,000 available for development of helium with a view to using it to fill dirigibles was rejected by a two to one vote. The amendment was offered by Representative Lanham, Democrat, of Texas, who pleaded with the house to be more liberal in providing funds for experiments in the uses of the gas which is non-inflammable, and for conservation and development of the supply. The recent Roma disaster never would have occurred Mr. Lanham declared with helium instead of hydrogen gas.

NEW YORK PAYROLL HOLDUPS ACTIVE

(By The Associated Press)

WASHINGTON, March 3.—The senate today had another contest, first in open session and later for two hours behind closed doors over the renomination of Major Robert G. Peck, for promotion to be lieutenant colonel. Lack of a quorum prevented action and the senate adjourned until 11 o'clock tomorrow to resume the controversy in executive session.

A preliminary vote late today was said to have been overwhelming in favor of confirmation of Major Peck, who is being opposed because of slurs he is alleged to have made against Missouri and Kansas national guardsmen in the A. E. F.

Decatur is often held up as an example of how a city without any special natural advantages can grow if her citizens have the proper amount of enthusiasm. The claim is pretty well founded, for Decatur has made a splendid progress in the past twenty years. Dr. John Dill Roberts insulted Springfield people the other night by telling them that the death rate of the capital gives proof that the milk and water supplies are impure. The visitor compared the 11 percent death rate in Chicago to the 17 percent rate of Springfield. People naturally resent city criticisms from outsiders, but if these criticisms are well founded they should certainly be taken into account.

After the Springfield people have cooled off it will be worth their while to study the statistics and the underlying facts.

The park board in planning for a swimming pool has in mind an improvement that will receive almost universal approval from the public. Some betterments might be made or features introduced which will appeal to some certain class or group, but the swimming pool will meet a broader need and can become one of the most attractive features at the park.

The members of the park board devote their time and thought in an untiring way to park problems and under their supervision a very satisfactory development of the park system is taking place. Members of the park board perform an important public service.

THE KERNAL OF THE RAILWAY QUESTION.

Congress decreed that six percent was a fair return on railway capital. Very well. Isn't it plain as A B C that the railroads cannot, therefore, afford to pay more than six percent for their capital? To pay seven percent for capital and be able to earn only six percent would, obviously, be a losing proposition. And who would invest in railway securities under such conditions? The net of it all is this?

Railway credit must be made strong enough to enable the railroads to raise funds at six percent or less. If not, only fools would invest in railway securities. No enterprise can go on paying more for capital than it can earn on its capital. That's what most of our railway systems have been doing. It can't last. The business world, the public, labor must see to it that the railroads are not subjected to conditions which would mean their breakdown, for if transportation breaks down, so, inevitably, must the whole business structure.

Business cannot move unless it is moved.—Forbes Magazine.

GOOD GAIN OVER 1913-14.

"A sector of attack on the Republicans planned by the Democrats in the congressional campaign, deals with our foreign trade," says the Republican publicity association. "The value of imports and exports, particularly the latter, for 1921 is compared with the 1920 value, the apparent slump being charged to Republican policies. The sophistry of such assertion will not be permitted to pass without comment from the Republican side."

"Unlike the Democratic administration, the Republicans have availed themselves of no opportunity presented by control of the official statistics to make figures lie and to distort facts. The Department of Commerce has frankly admitted that our total export trade fell from \$3,228,000,000 in 1920 to \$4,485,000,000 in 1921, while imports declined from \$5,278,000,000 to \$2,509,000,000."

Indeed, as early as February, 1921, the Republican publicity association estimated totals for the year which came within a few million of the figures eventually recorded, and it was then predicted that the figures would be used by the opposition in a studied attempt to discredit Republican policies.

It was appreciated that this decline in value could be readily misinterpreted, for in comparing the trade of 1921 with that of 1920 we are comparing a year of unusually large volume of trade with one of more normal quantity. Furthermore, values were enormously inflated during the first half of 1920, while 1921 was a year of rapidly declining prices.

Hence, the decline in 1921 is much more apparent than real, even when compared with the unprecedented trade of 1920. But when compared with pre-war years the value of the 1921 trade is found to surpass by far that of the highest year before the war, and this, after all, is the true criterion of national achievement in the markets of the world. To maintain that advantage, and to increase it, is a task which Republicans have confidence of performing, and which Republican policies applied to the tariff and the merchant marine will assure.

W. H. STORY DIES NEAR MURRAYVILLE

Long Time Resident of County Passed Away After Long Illness Friday—Funeral to Be Held Sunday.

Murrayville, March 3.—The death of William H. Story came at 4 o'clock Friday morning at the family home four miles southwest of Murrayville. The deceased had been ill for a number of months and his condition in recent weeks had been such that his death was expected at any time.

Mr. Story was a son of the late John and Thena Story and was born near Murrayville on Aug. 20, 1853. His marriage to Miss Margaret Brown took place in 1882. They were the parents of thirteen children, eight of whom survive. The children are Bert Story, Jacksonville; Mrs. Elizabeth Varnes, near Jacksonville; Mrs. May White, Roodhouse; Mrs. Myrtle Antrobus, Lincoln, Ill.; Miss Lexie Story, at home; Hulet Story, Jerseyville; Harry Story, Des Moines, Iowa; Stanley Story, residing at home.

The deceased had spent practically all his life in the Murrayville community and was one of the best known and respected citizens. He engaged in farming and was successful in his chosen work. For more than thirty years Mr. Story was a member of the Union Grove Baptist church and lived a life which was in accord with the teachings of that denomination.

The funeral will be held at 11 o'clock Sunday morning from the Murrayville Baptist church, with Rev. Roy March of White Hall in charge. Burial will be made in the Murrayville cemetery.

RECENT ADDITIONS AT THE PUBLIC LIBRARY

Lockhart, Caroline — "Dude Wrangler." This novel deals with the plight of a very tender tenderfoot in the far west. Stung by the taunt of a girl from Wyoming, Wallie McPherson, porch expert and rich auntie's darling, packs a modern lumber of trunks and lights out for the west. There, after varying number of adventures, he enters into partnership with "Pinky," a real cowpuncher, to run a "dude farm," i. e. a tourist resort. Now the wild and woolly west unexpectedly turns out wilder and woollier than advertised for the first batch of dudes, and how Pinky loses his heart to one of them — all goes to make up the story. A book for readers who like lots of gunplay—and more.

Tarkington, Booth — "Harlequin and Columbine." A short story of the theatre, which was written almost ten years ago, and satirizes an aspect of the stage now largely passed away. The chief character is a young star, very temperamental and egotistic, and much spoiled by adulation. He is shown rehearsing a new play the part of the hero being so altered that the author is distracted for he has ruined the part in order to make it, "lovable." There is a delicate bit of romance introduced which adds to the charm of the book.

Burt, Katharine Newlin. — "Snow Blind." Another story by the author of "Branding Iron," which has excited very favorable comment in the reviews. The main character is a powerful brute, a fugitive from justice because of a murder committed many years before in a fit of anger. Then there is a younger brother, who through loyalty to his brother, lives with him shut away in a lonely cabin, far away in the frozen north. The cousin, a beautiful woman, also shares their home. Into the lives of these three comes a beautiful eastern actress. Then begins the real story of the human conflict which will be of intense interest to the readers of the book.

White, William Patterson. — "The Heart of the Range." Those of you who have read any of Mr. White's previous books, will want to read this for several of his characters appear in this one. Racey Dawson and his pal Swing Tunstall, tired of cowpunching, start out to gain fame and fortune in the Arizona gold fields. After one last celebration at the "Happy Heart" Racey finds himself the next morning alone—on somebody else's horse. He returns the horse to its owner and becomes convinced that he must stay there a while. Then follows swift and amazing action, over which hangs a tantalizing haze of mystery.

Farnel, Jeffrey. — "Martin Conishy's Vengeance." Many of the characters of "Black Bartlemy's Treasure," appear in this book of Mr. Farnel's. If you wish to go back to the days of the Spanish Main you will revel in this story of the high seas in the days when bitter feuds and desperate encounters, and all-prevailing love went to the making of life and death. Martin Conishy's one idea was to revenge himself upon his ancient enemy who had caused him to suffer years of slavery and ill-treatment. What happened to him and how he finally did revenge himself makes interesting reading.

Rinehart, Mary Roberts. — "Eight Unseen and the Confession." Mrs. Rinehart has again come to the front with two thrilling mystery stories which almost equal the "Circular Staircase," from which "The Bat," was taken. In these two stories above mentioned she is at her best. Both are highly exciting, alluring and entertaining for those who crave a few hours of relaxation.

LACK OF ONE SENSE STIMULATES OTHERS

Interesting Explanation Given of How the Deaf Dance to Music and How the Blind Have Vision.

The deaf and dumb recently gave a ball in Boston and danced to jazz. The event has been the cause of widespread wonderment. That the deaf could dance to an orchestra seems to be very remarkable.

We forget that when nature denies us one sense she stimulates the others. The degree of stimulation is beyond our capacity to understand.

There was nothing remarkable in the deaf and dumb ball. The deaf see what they do not hear. They see what we do not see, and it is sufficient to the steps of the dance at the Boston ball had suddenly had their hearing restored in the midst of a waltz, for instance, they would not have known what to do. Being unacquainted with the sounds or rhythm of music they would have been struck dumb.

What happened at this ball? Why was it possible for them to dance? In the first place they had learned the steps of the dance as they learn other things. A few of the party could possibly hear a little of the music. They set off and the rest seeing what they did quickly followed. Watching the musicians' movements, others knew what to do.

Did it ever occur to you that if you watched the player intently and understandingly you would know what he was playing?

Do you believe it would be possible for you to get any pleasure from such intent and understanding watching? The deaf get much of their life from such watching.

They learn to read the lips and to understand what you and I say to them. How many hearing people could ever concentrate thoroughly enough to learn the lips?

At the state school for deaf in Jacksonville one of the interesting phenomena is the children at play; let us say, just before noon.

Many of them have learned how to talk and to make noises. The playground is very lively and noisy. Suddenly the great siren on the boiler house blows. Every kid on the grounds knows it at once. Some have hearing enough to detect it. Others see the first puff of steam from the whistle. These two classes communicate to others.

It has been said that the vibrations in the air caused by the whistle are felt by the children. There may be something to this theory, but the first two explanations are the more reasonable. The fixation of time is an automatic habit with them. It is probably so delicate that if the whistle did not sound they would know when the exact noon hour arrived.

The blind have hearing but no sight. Hearing and touch compensate. Touch is so keen with them that presence, whether it is living or dead, is felt. Let a stranger draw near a group of blind who are talking, it matters not how silently he may approach they know he is there. If any of them have had acquaintance with him they will announce his name. It is almost uncanny.

One Sunday several years ago a party of blind children from the state school at Jacksonville came to Springfield to give a concert. I was walking with a number of them and, as we passed the First M. E. church at Capitol avenue and Fifth street, they asked me, "what church is this?"

I have slipped silently into their chapel service at school. The superintendent seeing me from the platform would say, "We have a visitor; who knows who he is?" A dozen would call my name without a minute's wait.

An exhibition of gymnastics and folk dances by blind children is almost as perfect as any that might be given by seeing children after an equal amount of training and experience so keen is their sense of distance and presence.

MOTHERS AND DAUGHTERS

Read This Letter from Mrs. W. S. Hughes

Greenville, Del.—"I was under the impression that my eldest daughter had some internal trouble as ever since the first time her sickness appeared she had to go to bed and even had to quit school once for a week. I always take Lydia E. Pinkham's Vegetable Compound myself so I gave it to her and she has received great benefit from it. You can use this letter for a testimonial if you wish, as I cannot say too much about what your medicine has done for me and for my daughter."

Mother and oftentimes grandmothers have taken and have earned the value of Lydia E. Pinkham's Vegetable Compound. So they recommend the medicine to others. The best test of any medicine is what it has done for others. For nearly fifty years we have published letters from mothers, daughters, and women, young and old, recommending the Vegetable Compound. They know what it did for them and are glad to tell others. In your own neighborhood are women who know of its great value.

DECLINE IN EXPANSION OF RAILROAD EQUIPMENT

It is generally known that there has been a great decline in the number of new locomotives and cars acquired by the railroads in recent years. The Railway Age shows in an editorial in its current issue that, although the average tractive power of locomotives and the average capacity of freight cars have increased, this has not offset the decline in the number of locomotives and cars acquired.

"It has been claimed recently in the hearings before the Interstate Commerce Commission," says the Railway Age, "that the increase in the average power of locomotives and capacity of cars has offset the decline in the number of them provided. Nothing could be farther from the truth. The shipping public would be fully and correctly informed regarding the facts, for it is even more vitally concerned than the railroads.

"The facts are that the increase in the freight business handled in the nine years ending with 1920 was relatively almost exactly the same as in the nine years ending with 1902. The statistics of the Interstate Commerce Commission make it possible to ascertain the increases in the total tractive power of locomotives and the total capacity of freight cars during these years. In the nine years ending with 1911 the increase in the total tractive power of locomotives was 122 percent, while in the years ending with 1920 it was only 35 percent. The increase in the total capacity of freight cars in the nine years ending with 1911 was 98 percent, while in the nine years ending with 1920 it was only 21 percent. "Certainly these figures show a significant decline of the increase in total tractive power and car capacity. It is necessary, however, to present and study the facts in more detail to grasp their full significance. The increases in the total tractive power of locomotives and the total capacity of freight cars in three-year periods from 1905 to 1920 are as follows:

Three years ending
Increase in Total Tractive Power of Locomotives—Total Capacity of Freight Cars in Towns.

Three years ending with 1905—358 millions 11,388,000

Three years ending with 1908—330 millions 19,424,000

Three years ending with 1911—256 millions \$2,47,000

Three years ending with 1914—173 millions 9,473,000

Three years ending with 1917—201 millions 4,767,000

"The railways were able to cope with the great increase in freight because that occurred between 1911 and 1920 largely because of the great increase in the total tractive power of locomotives and the total capacity of freight cars and other facilities which occurred prior to 1911. Unless the experience of the future is to be entirely different from all our experience in the past they will be offered within a few years a freight business exceeding that of the years 1911 to 1920 as much as the freight business of those years exceeded that of 1902 to 1911. The experience of the years 1917, 1918 and 1920 shows that, considering the railways as a single system, they had in those years very little surplus capacity left. How, then, is the future increase in the business of the country to be handled unless there is an increase in proportion as the increase in traffic? How is the increase in facilities to be made unless the railways are allowed to earn a much larger average net return than they earned in the years during which, as the statistics herewith presented show, their expansion was steadily declining?

"The very persons who are now trying to show that there has been no serious decline in the development of the railways will be the first to denounce their management for inefficiency if, when business revives, the railways are unable to move all the freight offered to them."

RECEIVED WORD OF RELATIVES DEATH.

Mrs. John Reid has received word of the death of her sister-in-law, Mrs. Sarah F. Williamson, at her home in Scottsbluff, Neb. The following facts with reference to the deceased are taken from a recent issue of the Scottsbluff paper:

Mrs. Sarah Frances Williamson, aged 70 years died at 4:30 Sunday morning at the home of her daughter, Mrs. A. G. Ryan, 1921 Avenue A. Death was caused by heart trouble.

Mrs. Williamson was born in Arcadia, Illinois, but lived for many years at Fremont, Nebraska.

She is survived by four daughters: Mrs. E. E. Durbin of Mitchell, Nebraska, Mrs. H. A. Hotchkiss of Los Angeles, Mrs. H. E. LeRoy of Bismarck, South Dakota, and Mrs. A. G. Ryan of Scottsbluff.

Her husband, John A. Williamson died February 19, 1917, exactly five years before her death. The remains were taken to Fremont accompanied by Mrs. A. G. Ryan, E. E. Durbin, of Mitchell, and Mrs. LeRoy of Bismarck, South Dakota, for burial tomorrow.

INDIA PAGEANT AT GRACE CHURCH SUNDAY NIGHT.

Under the direction of Dr. Melville E. Osborne, a pageant illustrating the great Mass Movement in India will be given in Grace Methodist Episcopal church next Sunday evening at 7:30. Dr. Osborne was born in India. His father was a missionary there for a great many years. His grandparents were massacred in the Sepoy rebellion. Few people know the customs and spirit of the Indian people better than he.

He is the author of the pageant which so profoundly moves the people wherever it has been given. It requires a cast of nearly thirty people most of whom will be young people of the local church. No one should miss seeing this great production. It has been said that to impress the people with the message of Christianity the pageant is worth more than a series of revival meetings. As a missionary call it is unsurpassed by anything in the church today.

BOUGHT CATTLE IN KANSAS CITY

In the country around Jacksonville, Ill., according to Andy Harris, who was here and bought cattle, the stocker class as well as feeders, not much cattle feeding is being done. Mr. Harris states that farmers are devoting more attention to hogs than usual. He has about 700 head of hogs at present, which he considers good property. "In the fall our feeders were slow in taking hold of cattle feeding," said Mr. Harris. "But those who bought cheap feeders cleared up a profit on them in every case." (From Drover's Journal.)

ENCAMPMENT HAD DEGREE WORK FRIDAY

Drill Team From Canton Capital of Springfield Made Fine Showing.

Members of Ridgely Encampment I. O. O. F. had an especially enjoyable meeting Friday night. The occasion was made memorable by a visit of sixteen members of Canton Capital No. 16 of Springfield. They are members of a drill team and put on an especially fine drill. The patriarchal degree was exemplified and following the ceremony an oyster supper was served.

A cantonment is a high I. O. O. F. degree and because of the interest shown here it is likely that a local capital will be established. The members of the drill team wear handsome uniforms and the work done last night was of very high class.

Members of the drill team expressed appreciation for the courtesies shown them by the local men. The visitors were Col. Henry Engleskirchen, Lt. Col. S. A. Blankenship, Maj. L. G. Eberle, Capt. W. C. Murray, Ensign T. E. Wilner, Capt. W. A. Worthington, John C. Metz (bugler), C. E. Owens (drummer), James N. Tucker, Owen Wittingham, W. L. Blucke, C. A. Peterson, N. A. Sower, John R. Landis, Jr., T. D. Wheeler.

The committee on arrangements for Friday's event included C. H. Goodey, W. A. Bieher, C. A. Baldwin and Fred Crabtree.

HAS RECORD OF HALF CENTURY AS S. S. TEACHER

An unusual record as a Sunday school teacher has been made by Miss Sallie Benton of Pacific, Ill. Miss Benton has recently completed a full half century as a teacher in the First Methodist church of that city, and during all that long period has only been absent three times. It was on February 11, 1872, that Miss Benton was assigned a class of girls just graduating from the primary department, and she has taught that same class during all the intervening years. Of the pupils enrolled on that first Sunday, only three are now living.

The class has had a total of 737 names on the roll during the fifty years and now has a membership of 120. Miss Benton knows all her pupils by name and visits them all frequently. Dr. W. N. Shaw, the pastor of the church, credits Miss Benton with being an unusually capable teacher, well versed in Bible history, and deeply interested in the welfare of her pupils.

"TOURIST" LEFT MONEY IN WHITE HALL PRISON.

White Hall, March 3. — City Marshal Caffery has \$150.00 in postal savings certificates that were left on top of a cage in the city prison by one of the tourists who were housed there Tuesday night. The certificates were wrapped in a Dr Edmonson pocket account book, and consisted of two \$50, two \$20, one \$10 and one \$5 certificates issued by the St. Louis postoffice between May 1st and October 1st 1921, to Phillip Ferris. Mr. Caffery has taken the matter up with the St. Louis postoffice in an effort to locate the owner. He states that tourists are cared for almost nightly, and that on Tuesday night he had a party of four who belonged to St. Louis and vicinity, one of whom was a World War veteran, giving his address as Centralia, Ill.

PRESIDENT TAKES A HAND IN ARMY STRENGTH PLANS

Administration for Force of Not Less Than 130,000 Men

(By The Associated Press) WASHINGTON, March 3.—President Harding took a hand in the army strength discussion today summoning the house army appropriations sub-committee into conference after a talk with General Pershing.

The subcommittee yesterday agreed tentatively to cut the army enlisted strength for next year from the authorized 150,000 to 115,000. After the white house conference it was discussed that an administration policy for a force of not less than 130,000 had been formulated and expressed. The present actual strength is about 137,000.

Pershing Silent. General Pershing would not discuss the nature of his talk with the president but when the summons to Chairman Anthony and his associates followed there was no effort to conceal that General Pershing had felt it necessary to appeal to the president against the cut in the army the committee had in mind.

At the war department acting Secretary Wainwright said the military policy of 1920 was passed as an abiding policy and was not a plan "subject to the whim or caprice of every shift in the economic situation."

Full confidence was expressed in administration circles after the conference that a conservative course would be followed in army reduction when congress completes its work on the appropriation bills.

JACKSONVILLE PLAYS WHITE HALL TODAY

LOCAL FIVE KEEPS IN RUNNING FOR TITLE BY WINNING TWO FRIDAY

Plays White Hall in the Semi-Finals This Morning—Had An Easy Time in Winning From Virginia and New Berlin—Bluffs Will Meet Meredosia in Other Game Today

Jacksonville, White Hall, Meredosia and Bluffs survived Friday's play in the district basketball tournament and will meet today in the semi-finals.

David Prince gymnasium was packed thruout the day Friday with the adherents of the various teams. It was a strenuous day for both teams and officials. With three games in the morning and four in the afternoon, the officials were so busy that they did not have time to go out for lunch.

Ten games were played during the day and fans saw some excellent basketball. Rushville eliminated Waverly in the morning round. Virginia put out Griggsville and Murrayville beat Chandlerville.

Starting the afternoon games Bluffs defeated Versailles in the Class B division in rather easy fashion. Jacksonville overwhelmed New Berlin. The first string team held New Berlin to a single free throw in the first half. In the second half Mitchell sent in his entire second team and they did almost as well on the offense as the first team but the defense was not so tight.

Williamsville eliminated Chapin in the third game of the afternoon, while White Hall walked on Rushville. Some fans after the excellent showing of Rushville in the morning predicted a victory for her over the Greene county team. However, the White Hall boys outclassed their opponents and won easily tho not by a large score.

The first game Friday evening was between Meredosia and Murrayville. It was rather a close game for awhile but Meredosia finally got to going and romped in an easy winner.

Jacksonville rosters went wild when the Red and White warriors trotted out on the floor for the second game of the evening with Virginia. Some fans who hoped to see Jacksonville defeated were predicting that Virginia would turn the trick.

For a time the Cass county boys kept Jacksonville away from the basket. However, the locals soon got to going and when the first quarter ended the score was 10 to 2 for Jacksonville. The second quarter ended 22 to 11 and the third quarter 28 to 13. In the third quarter Coach Mitchell sent in his second string men and they also held Virginia safe. The final game found the score 35 to 10 for Jacksonville.

Further played a wonderful offensive game for Jacksonville against both New Berlin and Virginia. In the first game playing only one half he scored eight baskets and made the same number playing in the first half of the Virginia game. Hunt and Arter did good defensive work.

In the last game of the evening Bluffs eliminated Williamsville. The Scott county team is going well and is being picked by fans to win from Meredosia this morning. However, there will have a battle on their hands as the river town boys also are going good.

CHICAGO WINNER IN OVERTIME GAME

Defeated University of Illinois in a Hard Battle by Score of 26 to 25—Romney and Carney Individual Stars.

UDBANA, Ill., March 3.—The University of Chicago basketball team with five baskets, defeated the University of Illinois 26 to 25 in an overtime game tonight. With the score 25 to 24 in favor of Illinois, the winners did not attempt to freeze the ball and Dixon rung in the winning toss with eight second to play. Captain Chuck Carney was the individual star, shooting four field goals and 11 free throws. The half ended 12 to 5 in favor of Chicago and the game ended 24 to 24.

I. S. D. TEAM TO PLAY AT BLIND GYM

Will Battle Tonight With Springfield Americans—Boy Scout Executive is Coach for Capitol City Team.

The Illinois School for the Deaf will play a return basketball game with the Olympic Americans of Springfield, which consist of former S. H. S. players at the school for the Blind gymnasium tonight. The game will be called at 8 o'clock. The I. S. D. lads hope to make better showing in their shooting, and will endeavor to trim the Springfield lads. Last Saturday the I. S. D. lost the hard fought game to the Springfield Americans there, the score was 4 to 6.

Basketball fans who doubt as to the deaf's ability in playing basketball are urged to watch the I. S. D. lads in their first year playing of basketball.

It is interesting to note that the Springfield Americans are coached by C. Fennell, Scout Executive of the Boy Scouts in Springfield. He will spend a few hours meeting and talking with teachers and officers of the institution in the interest of the Boy Scouts.

The line-up of the I. S. D. may be: Rose or Ellard, R. F. Manion, L. F. A. Layton or Sellers, center, Massinkoff, Capt., R. G., and Lgowstki, L. G.

MANY INVITED TO BASKETBALL TOURNEY

Amateur Athletic Union Basketball Tournament Will Be Held in Kansas City, March 6 to 11.

KANSAS CITY, Mo., (By the A. P.)—Five thousand invitations to colleges, universities and athletic clubs in all parts of the country to participate in the Amateur Athletic Union basketball tournament here March 6-11 have been sent out by Dr. J. A. Reilly, director of the Kansas City Athletic Club, under auspices of which the tournament will be held.

Doctor Reilly, whose fast cagers won the national championship last year, believes his team will be a vigorous contender for the cup again this season. The Los Angeles and Atlanta, Georgia, athletic clubs are out to lift the trophy, as is the Provo Athletic Club of Salt Lake City, Utah. Inquiries were received from all three of these organizations before the invitations to the tournament were sent out.

The local team has shown well so far this season, defeating Southwestern College, runners-up in last year's A. A. U. tournament, 52 to 29.

Plans Making for the Special Campaign — Canvas Already Made Has Brought Excellent Results.

The special director's committee from the Jacksonville Building and Loan Association which is in charge of the drive for new stockholders met yesterday morning and made further plans to bring about a greater sale of stock to enable the local association to finance more home building in Jacksonville. This committee is composed of F. J. Andrews, chairman, Albert Metcalf, Abe Wehl, C. E. Williamson and Dr. A. B. Applebee.

The plans call for an extensive advertising campaign and also for a personal canvass of the city in which purchase of stock will be boosted. Full page adds in the local papers and co-operation with the Chamber of Commerce special committee are part of the program.

While these plans are materializing the committee has quietly made a canvass and met with wonderful success, the first effort bringing in over 100 shares of new stock. When the first work is completed it is anticipated that the Jacksonville Savings and Loan will be as large as the average building and loan organization in a city of this size, which would mean a capital stock of \$1,000,000. Another meeting will be held with the Chamber of Commerce committee the early part of the next week and further plans will be made for the project.

LITERBERRY CHURCH
SOCIETY HAD MEETING

Ladies Aid of Baptist Church,
Entertained by Mrs. J. A. Litter.
—Other Literature News.

Literberry, March 3.—The Ladies Aid of the Baptist church met on Thursday at Orchard Place with Mrs. J. A. Litter, hostess, with 15 members present. Mrs. Brown read the beautiful scripture lesson, "The Vine and the Branches." Song, "Jesus is Calling." Prayer by Mrs. D. K. McCarty. Song, "We Shall See the King Some Day."

Roll call was answered by one minute talks on "help for the Aid." The responses were good and interesting. The different committees made some arrangements for spring work and all business was disposed of in a satisfactory manner. The treasurer was instructed to renew the support of the French orphan, Gabriel Guizan, for another year.

Mrs. C. A. Beavers read a good article on "service, helpfulness in the everyday life."

Mrs. J. A. Litter gave the history of the Literberry Baptist church, organized in 1868 by Rev. P. G. Clark of Petersburg, with 44 charter members. The first church was burned down in 1872. A new church was built the next year and was destroyed by the cyclone of 1883. Another church was built in less than a year and is the beautiful and commodious building that is in use now, with a regular pastor, a good Sunday school, a wide-awake Aid and an earnest mission circle, with a hearty welcome to everybody. Refreshments of lovely cake, white, with pink icing, spice cake with white icing and fruit filling, tutti frutti ice cream and good coffee was served after the meeting. Mrs. J. E. Underbrink, assisted Mrs. Litter. Offering \$1:85. A letter of thanks was read from Mrs. J. M. Daniels, also one from Mrs. Jesse Litter. The April meeting will be at the church and roll call will be answered by short talks on springtime.

In the February meeting the name of Mrs. James Lowden was left out. Mrs. Lowden was one of the hostesses. She and Mrs. Warren Daniels entertained together. This was a mistake in the first report sent up.

The Aid was successful in realizing a neat little sum of money from the Bergschneider sale on Tuesday.

Mr. and Mrs. W. W. Daniels who have been staying with J. M. Daniels and children while Mrs. J. M. was at the hospital, have gone to their home on Chestnut Hill.

In passing along Michigan Avenue we noticed the stock yard and sheds on the Roach lots in flourishing condition. Nice cows and calves, pigs, chickens, and horses, with plenty of feed and a good well of water near by, which shows that prosperity is on the boom in North Literberry.

DISASTROUS FIRE
AT BARROW STATION

Mehroff Store and Baptist Church
Destroyed by Flames at Noon
Friday—Total Loss About \$10,000.

White Hall, March 3.—Fire of an unknown origin destroyed the Mehroff general merchandise store and the Baptist church at Barrow station, three miles north of White Hall. The fire started in a shed adjoining the store and was discovered while the proprietor was at dinner. The flames had gained such headway before discovery that it was impossible to save the building or the contents.

The fire engine from White Hall was called for but the fire had progressed to such a degree that the roof fell in just as the engine arrived at the scene.

The Baptist church which was situated about twenty feet distant also caught fire and was completely destroyed. The church was rebuilt and redecorated about a year since at a cost of approximately \$3,800 and it was one of the best rural churches in this part of the state.

Some of the contents of the store had been carried to a nearby school house, and this also took fire and was totally destroyed.

The store was to have been sold to Charles Bunell of White Hall and an invoice was to have been made this week, but was later postponed until next week. The loss on the store and contents is approximately \$5,000 and the total fire loss is estimated at about \$10,000.

Revival meetings have been in progress at the Baptist church for the past week, in charge of Rev. J. D. Jenkins of Jerseyville. The meetings will now be held at the Old Primitive Baptist church.

MADE ADDRESS AT I. W. C.

Prof. A. Edward C. Hayes, head of the department of sociology at the University of Illinois and president of the American Sociological association, made an address at Illinois Woman's college Thursday evening. The subject was "Economic Justice and Social Order," and the address was one which the students and faculty and others present found especially interesting. Professor Hayes' text-books on sociology are now being used at the college. After the address there was an informal reception in honor of Professor Hayes.

**PRICE OF WHEAT
FELL OFF SOMEWHAT**
By Associated Press.

CHICAGO, March 3.—Under
pressure from heavy selling to
realize profits the wheat market
today affected also by favorable
crop reports fell off somewhat in
price. Close was unchanged 1 to
1c net lower with May \$1.45 to
\$1.45 1/2 and July \$1.23 to \$1.22 1/2.
Corn finished 1 to 3/4c down,
and oats off from 3/4 to 1c. In provi-
sions the outcome varied from 7c
decline to 15c advance.

Selling out on the part of
holders of wheat was preceded by
a material advance in prices dur-
ing the early trading an advance
based chiefly on fresh quotations
at Liverpool and on
gossip that foreigners had been
purchasing breadstuffs liberally
over night. The values here proved
tempting to many owners who had
bought at lower levels in the last
few days but it was an hour later
before the market turned unmis-
takable downward.

Reports putting the condition
of the domestic winter crop of
wheat at 77.8 on March 1 as
against 76 on December 1 were
current at this juncture. It was
pointed out too that 10,000,000
bushels of wheat had accumulated
at Kansas City and circumstances
were at present such as to permit
shipments from there to Chicago
at a profit. Talk of prospective
better demand from domestic
mills and of fresh export business
today helped cause a rally at the
last. Corn and oats were mainly
swayed by the action of wheat.
In addition demand for corn was
reported as small from the seaboard
and from domestic shippers as well.

Irregularities which character-
ized the course of provision values
appeared to be due to the conflict
resulting from an advance in the
hog market and a decline in
grain.

BUTTER MARKET

HAS EASIER TONE

By Associated Press.
CHICAGO, March 3.—The
slightly heavier supplies met with
an indifference demand giving
the butter market an easier tone.
Ninety two score were offered
without difficulty at 47c, although
there was but little price shading.
The cars of fresh centralized were
heavier in supply and easier. The
buyers did not take all the 90
score offered at 35 1/2. The storage
cars also were quiet.

DISTRIBUTING CORN TO STARVING RUSSIANS

Thousands of tons of food are being dispatched to the famine districts of Russia from the port of Novorossisk, following the arrival there of the steamship Winnebago, the first corn vessel to reach the stricken country.

Cable advices received yesterday by the American Relief Administration's local offices, 42 Broadway, said that the Soviet Government, immediately upon the docking of the Winnebago, made available seven hundred railroad cars for the transportation of the grain. The allocations of the first group of grain shipments received at Novorossisk follow:

To Ufa, 42,800 tons; to Orenburg, 19,800 tons; to Tzaritzin, 7,800 tons; to Astrakhan, 400 tons; to Vladimirovka, 490 tons.

Editor Journal:

Having read Hon. William Jennings Bryan's speech in Sunday's New York Times on Evolution and Creation, every sentiment of which I most heartily endorse and defend. May God bless and keep him. I hope all true Christians will read that most wonderful speech. May the Great God seat him in the presidential chair of our beloved United States of America.

CELEBRATE FIFTIETH WEDDING ANNIVERSARY

Mr. and Mrs. W. E. Gordon of Near Merritt Observe Important Anniversary.

Friday was the fiftieth anniversary of the wedding of Mr. and Mrs. W. E. Gordon, residing two miles east of Merritt, and the day was fittingly observed. Last night a number of the children, grandchildren and great grandchildren spent several hours with Mr. and Mrs. Gordon, the company numbering about thirty.

Among those present were Mr. and Mrs. Fred Jewsbury and family, Mr. and Mrs. E. A. Ransom and family, Mr. and Mrs. J. G. Heaton and family, Mr. and Mrs. Thomas Dodsworth and family, Mr. and Mrs. G. B. Ransom of Springfield, Mr. and Mrs. Denby Ransom of Jacksonville, Mr. and Mrs. Claude Jewsbury and family.

The children who live at a distance and were unable to be present are Allon O. Gordon of Lyle, Minn.; Mr. and Mrs. J. C. Wolke of Owatonna, Minn.; Mr. and Mrs. Edwin A. Gordon of Overman, Mo.; Miss Virginia Gordon of Chicago.

Mr. and Mrs. Gordon have twenty-one grandchildren and three great grandchildren.

The marriage of Mr. and Mrs. Gordon took place on March 3, 1872, at the old Christian church at Lynnville. Rev. Albert Rice, pastor of the church, officiated, and the ceremony was performed on a Sunday night following the church services. Mrs. Gordon bore her marriage was Miss Maria Anderson, and her father was at that time proprietor of a store at Lynnville.

A gift from the children was a bouquet of fifty beautiful roses, and there were other remembrances from friends and relatives.

Mr. and Mrs. Gordon have resided in the Merritt neighborhood for many years and are accounted among the best known and most respected residents of the county.

JACKSONVILLE OWES ME NOTHING

DEATHS

Marsh.

Thomas Harley Marsh, Jr., eighteen months old son of Rev. and Mrs. Marsh, former well known Jacksonville residents, died at one o'clock yesterday morning at the family home in Decatur. Death resulted from pneumonia.

Funeral services are to be held at 1 o'clock Saturday afternoon in Decatur. The remains will then be brought to this city and removed to the residence of Mrs. S. T. Anderson on West State street. Interment Sunday will be private.

Rev. Marsh was formerly pastor of First Baptist church here.

SOME TAX RECORD

Stricken suddenly with heart disease, Col. William H. Hall, a trustee of Wesleyan University for many years and partial donor of the new chemistry laboratory, died last week at his home in Daytona, Florida.

One of the most notable incidents in the career of Col. Hall was his reduction of the tax rate in Wilmington, his home town, by having his stocks and bonds at the full value in the town's grand list instead of recording them with the state controller as most other security holders do. By so doing Col. Hall lowered the tax rate from twenty mills to four mills. The next time the colonel ran for the legislature there were only six votes cast against him.

NOTICE TO TAX PAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.
